

Unparalleled
technical
support
for your Shop!

The Best of Both Worlds!

Auto Care Alliance and DiagNation are proud to announce a new partnership to provide unparalleled back-end technical support, flexible training options and personalized technical assistance for ACA member shops.

Today, difficult diagnostics and repairs can be the shop's biggest daily challenge; getting diagnostics right the first time, having powerful technical support resources and continuing education to keep staff proficient and productive at the diagnostics and repair of today's high-tech vehicles.

We are excited to bring ACA members our personalized technical help, whether in the form of a remote diagnostic assistance session, a private remote class for your techs or help with diagnostic equipment, training and support, we provide a unique hands-on approach to your technical issues and we are resourceful problem solvers.

Included in this partnership are (4) exclusive ACA Member benefits:

ACA Members: 15% Off!

DiagNation
Remote
Technical Support

ACA Members will enjoy a 15% discount on **any DiagNation Support Membership**. Experience comprehensive, hands-on diagnostic and programming support for your technicians on your most challenging jobs!
This discount is valid as long as you are a member of ACA and DiagNation.
NOTE: Existing DiagNation members may apply this discount on their next renewal date.

- A 15%-member discount on any DiagNation Remote Technical Support Case or Membership Product. Our full "wrap-around technical love" support product for member shops, call on-demand for help all year. We connect remotely to your tool and tech and provide hands-on guided fault finding, programming and technical assistance. EVERY case becomes it's own mini training class! (The bonus? We get the vehicle resolved in the process!)

ACA Members: 10% Off!

DiagNation
Live Training

ACA Members will enjoy a 10% discount on any DiagNation Live Training
This includes all DiagNation Live Training Classes as well as Monthly Study Groups.
Hook up your lab scope and scanner **live in your shop** and learn!
This discount is valid as long as you are a member of ACA and DiagNation.

- A 10%-member discount on any DiagNation LIVE Remote In-Shop Training Classes or Monthly Study Group Memberships. DiagNation LIVE Remote classes allow your tech to connect with their favorite instructor to schedule personal, hands-on lab scope training right at the shop at a time of your choice with your instructor! Select your scope, your instructor, click... and learn! It's that simple.

One Free Month Remote Technical Support
& Free Scope Setup Session with Purchase
DiagNation
LabScopes

ACA members will receive a FREE lab scope setup and "Buttonology" session plus ONE FREE MONTH of DiagNation Remote Technician Support with your purchase of any DiagNation Lab Scope Package.

One Free Month Remote Technical Support
& Free Scanner Setup Session with Purchase
DiagNation
ScanTools

ACA members will receive a FREE lab scope setup and "Buttonology" session plus ONE FREE MONTH of DiagNation Remote Technician Support with your purchase of any Pro-Line DiagNation Scan Tool Package.

- Two ACA-DiagNation discounts for Diagnostic Equipment Help, Setup and Training. The BIGGEST problem for shop owners when purchasing technical equipment is not having sufficient training for the investment to be maximized, utilized and understood by technicians. Most equipment collects dust because of this. DiagNation SOLVES this issue by providing hands on setup, initial training and on-going support for ANY diagnostic equipment we provide. This service comes FREE to any ACA member with any qualifying diagnostic equipment purchase, exclusively under this partnership. An \$800.00 value!
