

HUNTER TRAINING

Alignment Fundamentals Level 1

Course Description:

June 23-25, 2025 – Sept 15-17, 2025

This course is designed for the new or less experienced individual with a desire to learn fundamental four-wheel alignment. This course prepares the technician for the ASE A4 test by covering alignment theory, equipment operation, common OEM adjustment methods found on light duty vehicles. It also includes an overview of suspension and steering systems with detailed instruction in performing proper inspection procedures. Course consists of a combination of classroom lectures and hands-on shop training. Hands-on/Lab modules are structured to provide the student in-depth skills relating to alignment equipment operation in combination with additional opportunities to perform actual vehicle alignment processes. The amount of actual vehicle alignments will vary with each class.
