BILL PIERRE FORD

78 Years in Business!

Bill Pierre Ford Parts Department has the largest Ford parts inventory in Western Washington. We have a team of dedicated wholesale parts advisors ready to assist with getting your Fords parts right the first time.

We were founded by Bill Pierre Sr. in 1947, meaning we have proudly served Washington car buyers for over 70 years, making us one of the oldest family-owned and -operated dealer groups in the entire state. Over our seven-decade existence, we have learned how to treat our customers the right way. When you shop with us, you're family, and we'll treat you with respect and compassion. We have earned multiple President's Awards over the years, proving our dedication to our customers. Our dealership is also committed to our community, and we have supported Dollars for Scholars at the University of Washington, Strong for Sam, and Fred Hutchinson Cancer Research.

Bill Pierre Ford Parts Team

At Honda of Seattle, we are honored to give back to downtown Seattle - the very community that's been our biggest support since 1986. We're a family-owned business that values individuals, so our sponsorships and donations benefit a wide range of organizations that reach a variety of people. We support the next generation through Seattle Schools and the elderly through Senior Services. We give to the hungry people of the Puget Sound region by sponsoring an annual food and fund drive and we give to the sick and injured by donating to the uncompensated care program at Harborview Medical Center. As you can see, we love people, and our goal is to invest in them. That's why we invite you to visit us, have a cup of coffee, and get to know our team at Honda of Seattle. Let us work with you to meet your transportation and service needs. Thank you,

The Honda of Seattle Family
